CASTLE HILL COMMUNITY GROUPS INVITED TO APPLY FOR NSW GOVERNMENT INFRASTRUCTURE GRANTS

Local organisations in Castle Hill can now apply for funding to support local community projects under the NSW Government's Infrastructure Grants program, Member for Castle Hill Ray Williams MP said today.

Mr Williams said the impacts of COVID-19 are still being widely felt and support for struggling community organisations will remain a priority for this latest round.

"\$12.5 million is available in 2021/22 for new or upgraded facilities across sport and recreation, arts and culture, disaster readiness and community infrastructure Mr Williams said.

"This is an opportunity for local organisations to apply for funding for projects that will provide long-term benefits to the community.

"Infrastructure Grants can fund construction, alteration, renovation, completion and fit-out of buildings and community infrastructure.

"Projects funded may include new or upgraded sports grounds, museums, theatres, homeless shelters and evacuation centres."

Mr Williams said community infrastructure is now a standalone category and it can be used for spaces like halls and meeting rooms, community transport, and infrastructure that supports youth, disability, mental health, homelessness, and domestic violence services.

"This is about connecting the community, fostering participation in sport, recreation and arts, and boosting social inclusion and disaster resilience," Mr Williams said.

Since 2015, the NSW Government has funded more than 441 community projects worth \$73 million under the Infrastructure Grants program.
